B:Well, I don't believe in traditional medicine. I prefer modern medicine like pills, drugs, antibiotics. I think some herbal tea can be helpful when we are ill. So the only traditional medicine I know is the herbal tea. In addition some vegetables like garlic and onions are very healthy and they can treat some minor illnesses. For insomnia and fever, some traditional medicine can help us. However, I prefer modern medicine because I believe in science. In my opinion, it is much safer to use modern medicine instead of traditional medicine.
